# PHILIPS

LED car lamp  
Headlight H4 replacement Cool white 6200K

## Highlights

### +150 % more light on the road\*

For your driving safety and visual comfort, you need to project light on the road ahead far and bright, without glaring the other road users. With an optimized optical design, Philips LED headlight brings you maximum visibility, with +150% more brightness on the road\* where you need it most. (\* than standard halogen lamp)

### 3 year limited warranty

3 year limited warranty for consumer usage

### AirFlux thermal design

Optimal thermal design for maximum cooling of LED to ensure ultra-long service life

### Intense bright headlights

Philips LEDs headlights 6200K provide the most intense light upgrade solution to your car, with a perfect color match with LED fog and LED position lights, for a sophisticated and modern light appearance

### Preferred quality of car makers

In the world, 1 out of 2 cars is equipped with Philips lights. Philips is the supplier of choice of all major car manufacturers.

### SafeBeam for other drivers

Philips patented SafeBeam optical design brings maximum visibility with a beam pattern that does not glare other road users. Similar or better beam pattern than standard halogen lamp, ECE beam pattern compliant\*. \* There is no ECE regulation existing for LED bulbs. ECE beam pattern compliance is tested on several commonly used luminaires where the LED bulb beam pattern matches the ECE approved halogen beam pattern
